

Casablanca Sunrise© Workshop with Debby Kratovil  
All Day (6 hours)

Casablanca Sunrise©  
14" Block (four 7" units, foundation pieced)  
Quilt Size as shown: 31" x 31"

Milady's Fans©  
7" units, 4 x 4 28" x 28" center  
Quilt Size as shown: 40" x 40"

This fantastic traditional block has been streamlined for foundation piecing. I've eliminated the curved base and replaced it with a simple triangle. In this class students will:

- ° Learn foundation piecing using pre-cut strips and patches to simplify the process, keep fabric waste to a minimum, and feel confident of adequately covering the sections without having to "un-sew"
- ° Learn how easy it is to set any block on point with simple formulas
- ° Learn the "needle punch" technique for making multiples of a pattern without a copy machine
- ° Discover the joy of creating a block with crisp points without using odd shaped templates

This class focuses on making one Rising Sun block (as seen in the picture on the left), with some students able to make more than one. The supplies for making the quilt on the right will be provided for those adventurous quilters wanting a more sophisticated project. Patterns for the 4 unit quilt (above, left) are provided; additional patterns to make more blocks are available in class for a \$5 fee.

Supply List available upon request and will include a black and white diagram of the block for those wanting to plan their colors. A detailed list for pre-cutting will be included.
