

Kaleidoscope Illusions

Half-day class with Debby Kratovil

Block Size: 10"
Quilt Size: 42" x 42"

Block Size: 12"
Quilt Size: 48" x 48"

How can two simple triangles create the illusion of curves? With careful arrangement of fabrics and triangles in two different sizes, the quilt center magically produces a star with a radiating halo of color. The 9 block quilt uses 3 different colorations. Learn to sew and press this traditional block so the 8 seams lie flat and the block glows with color. Debby has her own custom, multi-sized acrylic Kaleidoscope Ruler which is included in the kit fee. Students will pre-cut their strips for the two triangles used (for either the 10" or 12" block) and will be able to complete most of the blocks in class. An easy quilt for the confident quilter; not recommended for the novice.

Kit Fee: \$12 which includes a multi-sized Kaleidoscope Ruler and illustrated pattern

Supply List will have a line drawing of the 9 block center so students can select and plan their fabrics ahead of time.
