

**Row 1**

**Row 2**

**Row 3**

**Galaxy of Stars Piecing Diagram**

- R = red
- G = Green
- O = Orange
- P = Purple
- All sashings are RED
- All corner squares are aYELLOW

You can arrange your blocks any way you wish. The solid colored sashing units are cut 6-1/2" x 12-1/2". Again, you can make them any colors you wish.

The thin sashing strips (in my quilt are red) are cut in two different sizes, depending on where they appear in the quilt. You will need:  
 (8) strips 2-1/2" x 24-1/2"  
 (16) strips 2-1/2" x 18-1/2"

Outer Border: Measure quilt through center. It should measure 64-1/2" x 64-1/2". Adjust your cutting if your measurement is different. Cut four 6-1/2" x 64-1/2" strips.

The small corner squares (in my quilt yellow) are cut 2-1/2". You will need (16) of these 2-1/2" squares.

The four corners are 6" Square in Square blocks. Those patterns will be provided next month. I will offer both paper piecing and rotary cut and stitch options.
