

# Fabric Stash Blocks

Material must-haves to add to your stash  
Brought to you by QUILT Magazine

**PLEASE NOTE:** This fabric stash block first appeared in the December/January 2007 issue of QUILT magazine. Many fabrics have a shelf life of about 6 months to 1 year. These exact fabrics may not still be available for purchase. Take heart! Your favorite quilt shop can help you select suitable substitutes in colors and patterns that will work just as well to make this block.

Paper piecing pattern is provided on next page.

Here are the perfect ingredients for my taste to create a salt and pepper quilt. Aptly titled "Black and White," the prints range from whitest white and blackest black, with crisp designs ranging from line-art kitties to op-art flowers, swirls and mini floral vines. My cupboard always seems to be short on black and white prints so I made sure they were on my shopping list this time. The playful patterns lend themselves to many of the folk art and bright, children's quilts I enjoy sewing. I know that adding these print fabrics to a quilt will give it a dimension and flavor that solid white or black never could.
