Savoy Fleur de Lis Quilt by Debby Kratovil
Fabrics by Blank Quilting, the Savoy Collection
Block Size: 12" Quilt Size: 52" x 52"

3/4 yard 6475-Blue (white with small flowers) for block background

CUT: 4 squares 12-1/2" x 12-1/2" for block backgrounds.

Fold a 13" square of freezer paper into quarters. Transfer the template markings to one quarter of the freezer paper, taking care to line up the straight edges of the template with the paper folds. Transfer the markings to freezer paper (Diagram 1). Keep paper folded and cut out all four layers of freezer paper at once. Unfold for full size template (Diagram 2).

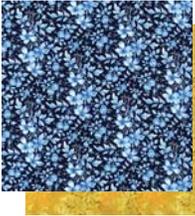

2 yards 6473-Navy (appliqués, border and binding)

CUT: 4 squares 11" x 11"; transfer fusible webbing to wrong side of fabric and allow to cool. Iron the Fleur de Lis template to the right side and cut out. Repeat for remaining 3 squares for a total of 4 fleur de lis patches (Diagrams 3 and 4).

From remainder of fabric, cut along the LENGTH two strips 6" x 42" and two strips 6" x 54" for the borders. These will be trimmed to fit later.

Cut 6 strips 2-1/4" x 40/42" for binding.

1/2 yard 6476-Blue (sashings); 1/2 yard 3504- Gold (sashings)

CUT: 2 strips 6-1/2" x wof. Fold in half, wrong sides together (6-1/2" x 20"). Use one of the two templates provided and cut out two patches at once. These are mirror images of each other. By cutting with fabric wrong sides together, you are cutting out both a Template A and Template A Reverse. Cut out a total of 16 Template A and 16 Template A Reverse. Also cut 8 squares 3-1/2" x 3-1/2" from EACH fabric (for sashing squares).

From the 5626-Cherry,
CUT: 4 strips 2-1/2" x wof for inner border

3-1/2 yards 6473-White (backing)

1-1/2 yards paper backed fusible webbing

Thread to match the appliqué fabric

58" square batting

Freezer paper or other template material

NOTE: the appliqué template is given quarter size. Using a freezer paper square folded into fourths will make cutting out the template full size easier. Directions for this project are for fusible, raw edge appliqué. For hand appliqué, add seam allowance to template.

Block Assembly

1. Fold the 12-1/2" background squares along the diagonals and finger press creases to help in appliqué alignment. Remove the paper from the wrong side of the fleur de lis appliqué patch and center the patch on the 12-1/2" background square, using the diagonal lines to assist. Use a hot iron and fuse in place. Appliqué in place using your favorite machine stitch (Diagram 5). Our quilt uses a simple zigzag stitch. Repeat for all four blocks.

Sashing Assembly

1. Refer to Diagrams 6 & 7 to construct the half-rectangle units (these were cut as described above with the blue and yellow fabrics). Make the number indicated.
2. Refer to the Block Diagrams to make 2 of each block using the appliqué blocks, half-rectangle blocks and corner squares.

Finishing the Quilt

Measure and cut the red inner border strips (as cut above). Add to all four sides of quilt center.
Measure and trim the 6" strips of large scale blue floral fabric and add to quilt center. Press all seams well.
Layer quilt top, batting and backing and quilt as desired. Use the 6 strips of binding to finish the quilt.
